

# DESIGN & COMMUNICATION FOR COMPANIES

AD STUDIO is an independent creative community of thinkers and creative professionals working across various design and communication solutions.

We want to make a difference – create things that change people's lives.

We hold the belief that any work success depends upon combination of powerful strategy, creativity and high efficiency. We offer integrated communication solutions for

munities, enterprises, exhibitions and companies in a various fields and levels.

Some say studio, but we say - team.

Diversity is our superpower. We believe that every great team is a sum of different

iduals with a various professional and personal capabilities. Self-efficiency, productivity, resiliency, creativity and many more are main characteristics for the best outcome of each project.
